Testimonials (for more testimonials, visit www.paceturf.org)

"I relied heavily on Larry and Wendy in my preparations for last year's Open. When the world is watching, it is comforting to have the backup and assistance of a professional organization like PACE. They are invaluable to me."

Candice Combs, CGCS, Superintendent
Torrey Pines Golf Course, La Jolla, California

"With it's climate monitoring feature, PACE Turf has saved me money by showing me when it is the appropriate time to apply a product."

Shawn Emerson, Superintendent
Desert Mountain Golf, Scottsdale, Arizona

"I have yet to meet 2 people who have a greater commitment to professionalism and integrity and also possess the expertise and the working knowledge of turf management that we see in Wendy and Larry."

Rick Brandenburg, Ph.D.
North Carolina State University, Raleigh, NC

"They give concise, up-to-date information day-by-day & month-by-month all during the year. They're two awesome people, and they know what they're doing."

Mike Caranci, Superintendent
Candlewood Country Club, Whittier, California

"When I find a problem on my golf course, I'm never surprised, because just days before I've received a PACE Turf Update email giving me advice on the problem!"

Jose Gomez Gomez, Superintendent
Real Club de Golf, Barcelona, Spain

"PACE Turf keeps me on the cutting edge of research. I don't have to wait until a winter seminar to get information about something that is relevant right now."

Michael Stachowicz, Grounds Manager
Dedham Country and Polo Club, Dedham, Massachusetts

"It is important to acknowledge the long-standing positive relationship PACE Turf has had with GCSAA. They have proven to be a great resource on the course and have provided excellent service."

Mark Woodward, CGCS, Executive Officer
Golf Course Superintendents Association of America

"Larry and Wendy do an excellent job of on-site research and demonstration studies, and they do it with good, sound scientific principles and practices."

Bob Carrow, Ph.D., Professor of Turfgrass Science
University of Georgia

Founded in 1988, PACE Turf has long been a leader in translating science into practical turf management information.

With more than 50 years of combined knowledge in agronomy, plant pathology, entomology, weed science and turf science, our goal is to provide you with expert advice that you can put to immediate use.

Our no advertising policy insures that all of the information you receive from PACE Turf is objective and trustworthy.

Information Service ♦ Member Benefits

For the annual membership fee of \$275, you will receive:

UPDATES keep you current with breaking news on management practices, research, pests and products. Emailed weekly throughout the year.

The **PHOTO GALLERY'S** extensive online library of turf management photos can be used for rapid pest ID, illustration of new techniques and use in club newsletters.

CLUBHOUSE EDITIONS educate golfers on the science behind your turf management practices. Suitable for posting in the clubhouse or other public areas.

WEATHER ALERTS help prevent problems before they occur with forecasts on pest, turf and weather that are customized for your location. Emailed 3X a week, and updated several times a day online.

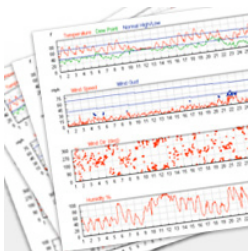

HIGHLIGHTS summarize key events of the past month in a 4-page color publication. Produced monthly.

INSIGHTS translate science into practice with in-depth analyses of turf agronomic topics. Produced occasionally throughout the year.

WEATHER HISTORY data takes the guesswork out of planning with detailed online weather conditions at your site from yesterday, last week, last month or even in past years.

REFERENCES are essential tools for turf management planning. Publications include soil, water and pest management guidelines, as well as facts, figures and detailed procedures for monitoring and turf management.

With the **FORUM**, PACE Turf members from around the world can easily communicate online about new ideas, practices and products.

ONLINE ARCHIVE gets you the answers fast with a searchable library of hundreds of PACE Turf publications, research reports and references.
